

**2018 CCR and Adventure Rally Questionnaire**

Questionnaire was distributed while rallygoers were waiting in the Saturday night meal line.

Those who weren't at the dinner did not get a questionnaire.

119 forms were completed and collected.

Not every question or box was filled in by the respondents.

200 attendees at the Rally, 150 dinners sold?

**What would you like us to change, or what would you like to see next year?**

**(responses were typed exactly as they were written)**

1	I would like to see more paved route organized rides that don't require additoinal charges. Very friendly - lots of great folks. Really enjoyed the field games done by Dirt First.
2	Thank you WSBMW and Mr. BestRest for an outstanding event!
3	Meals - spaghetti was great!
4	Showers are costly - need free showers closer - place to pay for creamery ride online
5	Road rides need some work
6	More road rides would've been nice
7	Road rides (more) - more vendors
8	More vendors if possible - try North Fork for meals
9	Don't route the food line thru the drink station
10	Friday meal very good - Saturday meal hadn't been served when survey was taken'

11	Would not have come if Bestrest/Dave's email newsletter hadn't emphasized ALL bikes welcome. And we appreciated the inclusiveness. ADV rides - Swan lake loop not so good 2-up or for novice (per consensus of group I rode with. Improvement opportunity = publish / circulate schedule a few days ahead, esp gate opening time.
12	ADV ride ratings - Swan Lake Loop is probably more than novice and has a couple places that may not work riding 2-up
13	More vendors, more road rides
14	Standing in line in front of beer garden - too tempting.
15	Food line up in front of beer garden
16	More road rides - cheese ride was great
17	Info white board for everything
18	Maybe a speaker and microphone for guest speakers, people super friendly and inviting. People at republic are nice too.
19	Gate registration was friendly. Maybe I missed it but I didn't know about turning in door prize ticket. Loved the off road tracks.
20	Community involvement? More field events
21	More field events
22	I would like to see more paved route organized rides that don't require additoinal charges. Very friendly - lots of great folks. Really enjoyed the field games done by Dirt First.
23	Good food provided, look forward to improvement. Facility great. Party till 2am at pavillion, item! Friday night.
24	More road rides
25	More cheese rides, more road rides
26	It was actually our very first rally and we are new to the events. But we had a wonderful time and met some awesome people
27	Super job. Beer could have been cheaper so we will purchase here.
28	Welcome meeting. Guided road rides especially for the new people.
29	More 1st time rider help. What to do in Republic. They are vegan friendly. Led road rides. Riders meeting. Intro of club officers. Quiet area, drawing in persons (more engagement)
30	Better trail judgement ratings. Need to bring a more family atmosphere. Better meetings as to what's going on in the beginning. No BMW bling? Really?
31	More vendors
32	Have a couple of organized road rides for Fri and Sat. The cheese ride was fantastic but still should've offered regular road rides for the rest of the attendees.
33	Celiac - breakfast was excellent
34	Need more showers
35	Need 2 groups of rides - off road set and road set. Loved the cheese tour! Great to have a destination tour.

36	More road rides
37	showers
38	Came late Friday night - no way to register. Dinner servings too large. Creamery tour was great.
39	If I had seen the schedule that was given to us beforehand, I could have no hesitation to come. It's very well organized but it doesn't seem that way from afar. I came a day early thinking Thursday was a full day. The seminars are scheduled too early, missed all the good stuff while out on the rides.
40	A little more insight on the off-road
41	Love it!
42	Good on late registration. Date.
43	A road ride with some local history / flavor
44	More road riding for airheads.
45	More free beer. And naked chicks around campfire. And they all need stripper names
46	The rides were great. I question the ratings. I would have rated them more difficult than you did. Fri dinner excellent. More free beer.
47	More free beer. Boobies. More wet logs.
48	Thanks Dan, Thanks Heather for Friday dinner. I love you. The GS Dirt ride was crazy awesome. Thanks David and Scott.
49	Very good rally !!! I'm very happy. I'm coming back next year for sure.
50	Just make sure the old timers keep showing up... I love to meet the gold old ones next year... you are awesome...
51	The campground had noisy campers after 10:30 every night. The Sat night dinner was at 5:30 on the schedule - served quite later than that... not overly pleased with the expensive meal. And the PITS??!! In the cherries in the desert! Not good. Would not pay for the Sat dinner again. \$25 per plate.
52	Longer slot for field events
53	Excellent rally, thans very much!
54	Keep working to improve. Maybe a little better scheduling of events. But great job overall.
55	You all rock !!!
56	Great rally
57	Put up a whiteboard bulletin board for attendees lost, needs, etc. Give discount beer to volunteers for helping. Mixers discount increase, I'm from out of town. Optional name tags or mandatory on Saturday.
58	Good weather! See you here.
59	1st time here. Will def be back! Thank you.
60	The road to the creamery was great. Do a destination ride next year.
61	My first time here, excellent time. I will try to make it next year. Thanks

62	Cooler part of year.
63	Social - from MOA magazine. First tiem 2017. Planned again from there on to Salmon arm... Maybe next year if possible. Don't ride this year, came in a car. Attended in Menlo after nat'l in Redmond. Will attend again if and when in here. One of the volunteers, made coffee.
64	Can't think of anything constructive. Showers were a bit inconvenient.
65	Bring back rally pins!
66	Ice cream? Lunches maybe.
67	Showers need help. More consistence in level of off road rider. Example ADV3 had one way tougher section than the rest. ADV 5 was basically unrideable on a big bike w/out damage.
68	Favorite rally of the year. Better than John Day
69	Poker runs for road riders
70	A little long for food. No biggie.
71	Have more CCR and ADV rallies!
72	More dirt tech classroom
73	A few things were a little late - no big deal but...
74	Meals - meh. White board for announcements. Gatorade was awesome! Ladies round table should be a scheduled event.
75	Creamery tour was fantastic. Thank you for including it -- adds depth to the rally experience. Lack of courtesy in campground. Loud partying until 2am is not acceptable. Food lines took a really long time.
76	Enforce quiet time. Fireside party till 2am was no good. Please ask dirt bike training to be more respectrul of campers near the fence.
77	(heart) emoji
78	Overall solid 10+! You should charge more!!!
79	FB group just for the event.
80	Level 1 ride was not level 1 - cook mountain parts of it felt like level 2 or 3. Made me lack confidence.
81	Give Dave Petersen sensitivity training
82	My first rally. I loved everything about it.
83	Do it again in Republic.
84	Did a great job - great riding rally!
85	Excellent job!
86	I wish there were more on-road rides. Creamery ride was excellent.
87	Need some more road rides for us non-dirt people.
88	Showers and food bendors improvement would be great.
89	Cheese run fantastic!
90	Obstacles in the main area.
